MIRACURL™ *SteamTech*

BaBylissPRO™
Exclusively for Hair Artists

Genuine technology

MaxlifePRO™ technology - electronics driven motor

MiraCurl™ SteamTech features ultra-low vibration, is silent and has a tremendously longer lifespan: up to 10 000 hours!

SmartTech® technology, safeguard and energy saver

MiraCurl™ SteamTech comes with 3 functions for added safety and energy savings.

- **Auto Shut Off:** If the appliance is switched on for more than 60 minutes continuously, it will automatically switch off.
- **Sleep Mode:** After 20 minutes of idle time, the temperature drops to around 150 °C.
- **Motion Sensor:** It's only about moving the iron and closing it to trigger the reheat to set temperature.

Steam technology

MiraCurl™ SteamTech features an optional steam function. It sets the curl with jets of steam.

Steam in hair styling works in much the same way as steam ironing: as the moisture from the steam quickly evaporates because of the heat, the dried curl becomes set.

Steam also offers in-depth beauty action and:

- **Extra-smooth curls.**
- **Extra-shine.**

For long-lasting result and perfect curl formation.

MiraCurl™ SteamTech

- creates perfect curls every time with infinite possibilities of styles effortlessly.
- adjusts heat, time and curl type.
- can be used with or without steam.

BaBylissPRO™

Exclusively for Hair Artists

Ceramic technology

The MiraCurl™ SteamTech features a ceramic curl chamber for smooth curl creation.

Reliability, time savings

MiraCurl™ SteamTech is provided with a powerful heating system for:

- Ultra fast heat-up.
- Instant recovery to ensure heat stability during use.

This is the guarantee of optimum and long-lasting results.

Features

Precision & control

- 3 timer settings with audio beep indicator for different curl effects.
- 3 heat settings (190 °C - 210 °C - 230 °C) for long lasting results and possibility to use it on any type of hair.
- Curl direction control for either a uniform or natural finish: (Right/Left/Alternate: if styling the left side or right side of the hair - alternates the direction automatically after each curl).

Safety

- On/Off switch with on indicator light.
- Control of the heating up of the hair section (settings and warning beeps).
- Sleep mode after 20 min - Auto shut off after 60 min.
- Anti-blocking system.
- Additional water tank & cleaning tool included.
